

LETTER OF RECOMMENDATION

This is to certify that Mr. Aayush Parikh of Westwood High IB World School has completed his industrial internship at Mech Air Industries, Vadodara, India.

His internship was carried out from June 19, 2023, to July 14, 2023. During this period, he was introduced to the basic working of refrigeration equipment, including ICE lined refrigerators and refrigeration chambers. He observed the work carried out by the engineering team and assisted in simple tasks related to electrical wiring, control panels, and equipment operation.

He also gained basic exposure to how refrigeration systems are monitored and controlled, including functions such as temperature control, compressor operation, fan operation, safety features, and system indications.

During the internship, he supported the team in documentation, observation, basic testing, and general project-related assistance. He also learned about PLC-based control panels and their use in refrigeration chamber applications.

Throughout the internship, Mr. Aayush Parikh was sincere, disciplined, attentive, and willing to learn. He completed the assigned tasks responsibly and showed a positive attitude toward learning about industrial refrigeration and electrical control systems.

We wish him success in his future academic and professional endeavors.

Kind Regards

Prashant Shah

CEO

MECH AIR INDUSTRIES

- (1) Banana & Mango Ripening Room
- (2) Forced Air Precooling Room
- (3) Hydrocooler for Fruits & Vegetables
- (4) Mobile Precooler Container Type
- (5) Low Humidity Seed Storages
- (6) Onion Storages

An ISO 9001 : 2015 Certified Company

Specialised In Manufacturing Of

Any Specialised Commodity Storages
As Per Customers Requirement

Subject to Vadodara Jurisdiction Only

- (7) Blast Freezers
- (8) Ice Cream & Dairy Products Storages
- (9) Hot & Cold Room for Dahi/Yogart Store
- (10) Drug & Blood Storages
- (11) Cooling Coil & Condensor
- (12) Turn Key Projects in Food Processing
